Student Thoughts

"Quintin Kynaston is an outstanding school and exceptionally well led by its inspirational headteacher. In this school, it is not just every child who matters but every staff member and every family. The school takes a very holistic view of students' development and works relentlessly to overcome barriers to learning".
Ofsted 2008

My experience at QK has been wonderful. The food is mouth watering. The older children are helpful and supportive. Everyone is welcoming to newcomers. The teachers are the best teachers you can find, you'll never find a teacher better than them. The school has a lot to offer and will keep you out of trouble. The uniform is very comfortable and looks nice. Basically everything is WONDERFUL. **Melissa, Year 7**

"There is a refreshing honesty about this place. This is a mature institution which is confident in its practice and secure in its performance" LA Inspection 2008

I have been in QK for about 8 years, the plan was initially to stay for 1 year but because QK is such a warm community, I wanted to stay and continue my studies. I have not regretted my decision to stay. **Gino, Year 12**

I have been here since Year 7, five years on I still could not imagine myself going to a better school. QK has given me all the opportunities and support I could have asked for – it has made me the person I am today. **Ermela, Year 11**

OPEN EVENING / MORNINGS

5.30pm 8th October 2009

9.15am 13th October & 20th October 2009

Please come and see our school for yourselves.

What is most admirable about QK is the community spirit, the feeling of belonging that enables you to build a relationship with both staff & students. Since I started in Year 7 I have received extensive support which has helped me expand myself academically and personally. **Francesca, Year 13**
